IITJMU/CEAC/2025/67   6th Feb, 2025
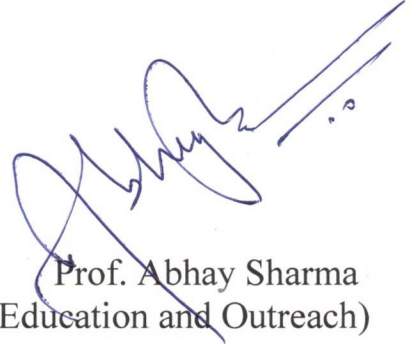

<u>TO WHOMSOEVER IT MAY CONCERN</u>

As approved by the Senate of the Indian Institute of Technology, Jammu (17th Senate dated 10th March, 2022), the Master of Technology in Artificial Intelligence and Machine Learning (Executive), is equivalent to the regular full-time M.Tech. degree in both content and rigor.

The instructions for Master of Technology in Artificial Intelligence and Machine Learning (Executive) program are provided during weekends in online mode. The end-semester examination is conducted in physical mode (offline) at designated centers. Students are required to visit the institute twice for an immersion program at the Indian Institute of Technology Jammu.

Indian Institute of Technology Jammu confirms the authenticity and recognition of the aforementioned degree for the purpose of employment and further education as per the authority conferred to IIT Jammu under the IIT Act, 1961.

Prof. Abhay Sharma
Dean (Education and Outreach)
